38-HPP: SPEC SHEET

38MM HPP GreenLyte Cap with Tamper Evident Ring

These 38-HPP caps are required for beverages used in the high-pressure pasteurization process along with a bottle that is certified for the process. The caps are tamper evident with a breakaway band and are designed with multiple sealing fins for product protection at higher pasteurization pressures. They have ribbed sidewalls for a nice grip. Use with 38-HPP Bottles only. Available in white and black.

Our bottles are manufactured with the highest industry standards using good manufacturing practices. All our products are produced in the USA.
