

# R-12B-38-400

These opaque LDPE (Low Density Polyethylene) cylinder bottles are flexible, squeezable, and durable for shipping. With a standard 38-400 neck finish, they are easy to fill. Top them off with our flip cap for easy dispensing of honey, syrup, or your own specialty product. The caps come with a pressure sensitive foam liner that seals automatically on the first tightening of the cap. These bottles are BPA free, FDA approved, and proudly made in the U.S.A.

**NOTE:** We advise you to test your product with the packaging to ensure product and volume compatibility.
