

WB-64B-DBJ

These clear PET (Polyethylene Terephthalate) square bottles are a popular choice in the beverage industry, but can be used for a variety of products. With a DBJ neck finish, these bottles are easy to fill with any non-carbonated beverages and provide a high product visibility. These bottles are lightweight, and take up less space than round bottles on the shelf. These bottles can be easily held with the gripper handle. Top them off with our DBJ cap. The caps are tamper evident and have a drop band with a J hook. These bottles are BPA free, FDA approved, and proudly made in the U.S.A.

NOTE: We advise you to test your product with the packaging to ensure product and volume compatibility.
